

I listen to K-Love constantly. It gives me peace and encouragement every day. My wife and daughter also listen daily. I know that it is something that my daughter can listen to without worry about what is said on the air. Our community could not possibly get the same service and uplifting message from any LPFM station that replaced K-LOVE. Everyone in my community needs to hear the message of God and K-LOVE is the medium that can reach everyone of us. Replacing K-LOVE with a LPFM broadcaster would be a great disservice to this community. Please do not remove what our public needs.
